Forecast for Wednesday 14 Apr 2021

Weather: Clear spells overnight will allow mist and fog patches to form in valleys towards dawn. These will be fairly short-lived through the morning with variable amounts of cloud but also some spells of sunshine. There is a small chance of an isolated shower, most likely late afternoon.

Chance of cloud free mountain/hill tops above 600m: 80%

Visibility: Generally excellent through the day with some good views of distant hills, but some reductions likely during any showers and also early morning mist or fog patches in valleys.

Meteorologist's View

Though often bright and sunny, it will remain a cool feeling day, with warm layers recommended. Moderate UV expected however, so some sun protection also recommended.
